

PLATINUM 5W-30 LONG LIFE, Synthetic

Extra High Performance Motor Oil for Gasoline Engines and Light Diesel Engines

PRODUCT DESCRIPTION:

Platinum Long Life is a high performance synthetic oil especially intended for cars with diesel particle filter and extended oil change intervals, with or without turbo.

Platinum Long Life is based on special selected base oils together with well balanced advanced additives, produced according to the latest technology.

BENEFITS

- low gas consumptions
- starting cold engines
- high and very stable viscosity index
- prevent harmful substances
- grease film which tolerate high temperatures
- good cleaning and spread ability
- especially formulated for cars with DPF (diesel particle filter)
- extended oil change intervals
- high effective protection against wear, corrosion and foam build up

APPLICATIONS:

Platinum Long Life High Performance Synthetic Oil is specially produced and developed for VW passenger cars and light trucks with extended oil change intervals.

The oil can also be used in engines according to below specifications.

PERFORMANCE SPECIFICATIONS:

Meets the performance requirements of :

- ACEA - A3, B4
- VW - 504.00/507.00

PLATINUM LONG LIFE 5W-30, Synthetic

Extra High Performance Motor Oil for Gasoline Engines and Light Diesel Engines

TYPICAL PROPERTIES:

SAE-klass	5W-30
Density 15°C	0,843 kg/l
Viscosity -35°C	6 100 mPa.s
Viscosity 40°C	55,30 mm ² /S
Viscosity 100°C	10,10 mm ² /S
Viscosity index	174
Pour Point	-50°C
Flame point, COC	226°C
Total Base Number	10,2 mgKOH/g
Sulphate ache	1,28 %
